

600M KIDS DASH COURSE MAP

THE COURSE:

Our Kids Dash is back by popular demand!

The course is nice and simple to follow with plenty of marshals to ensure they stay on track. Kids will start just by the finishing line, and make their way through the Discovery Centre following marshals directions and cones, over the historic wharf and turning around as they come out the other end and on Murray Esplanade. They will then make their way back down through the Port Precinct – to the finishing chute where they will get to celebrate their finish!
